DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on November 18, 2010 has been entered.

Allowable Subject Matter

2. Claims 1-5, 7 and 11-36 are allowed.
3. The following is an examiner's statement of reasons for allowance: Howard et al. (US 5,093,197) and Koops et al. (WO 93/12868).) have been found to be the closest prior art of record.

As set forth in the mailed office action of August 18, 2010, claim 9 contained allowable subject matter. The limitation for a method wherein the controlled flow of a liquid mixture of solvent and nonsolvent for said polymeric material along an exterior medium of the nascent fiber (as recited in combination with claim 1) is not disclosed or taught by the prior art. One of ordinary skill in the art would not have been motivated by the Howard et al. and Koops et al. prior art to arrive at the claimed invention since neither reference teaches the limitations as originally set forth in claim 9 or the newly amended

claim 1 as a whole. Because claims 2-5, 7, and 11-36 depend from claim 1, they also contain allowable subject matter.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
